Sir,

Rural Water Supply - Comprehensive Scheme - (South Kanara) -
execution of works - Appointment of Minor Irrigation staff - Report
submitted.

In their order No.Ms.3913, Edn.& P.H., dated 28.12.1942 communicated with B.P.Mis.No.5, dated 2.1.43, the Government sanctioned the employment of three M.I. Overseers and 3 lascars in this District on a temporary basis for a period of six months in 1943-44 (April to June 1943 and January to March 1944) for the execution of well works under the above scheme. A notification inviting applications for the posts from duly qualified persons was got published in the leading vernacular dailies of this District and also in 3 successive issues of the "Hindu" and the "Mail" in March 1943, in response to which no qualified persons were forthcoming. The Executive Engineer, P.W.D., West Coast Division, Calicut, and the Collectors of Coimbatore, Madura, Tinnevely, Tanjore and Trichy Districts were also requested to find out suitable qualified men from their Districts but to no effect. I, therefore, request the Board of Revenue to find out qualified men and allot them for appointment in this District, but the Board has expressed its inability to help me in this regard. I enclose a copy of Board's L.Dis.p.1810-43, dated 14.5.1943 and also a copy of my letter Ref.B1-292-43, dated 28.4.43. In the circumstances set forth above and in the absence of qualified men for the posts, I think the only recourse is to get the works executed by the District Board Engineer's staff as before.

I solicit the favour of early orders.

For Collector.

Minor Irrigation Staff - Appointment - Orders passed.

Read: From the Collector of South Kanara, Ref.No.B-1/292-43, dated
28th April 1943.

The Board is unable to help the Collector in the matter of getting suitable and qualified men from other districts for employment as Minor Irrigation Overseers. It, however, approves his proposals contained in paragraph 3 of his letter.

Rural Water Supply - Comprehensive Scheme Works - (South Kanara) - Execution - Minor irrigation staff - sanction.

In G.O.No.Ms.3913, Edn.& Pub.Health, dated 28.12.42 communicated in Board's Mis.No.5, dated 2.1.1943, the Government sanctioned the employment of 2 M.I.Overseers and 3 lascars for this District on a temporary basis for a period of six months in 1943-44 (April to June 1943 and January to March 1944) for the execution of works under the above scheme. A notification inviting applications for the posts from duly qualified persons was published in the leading vernacular dailies of this District in response to which no applications from qualified persons were received by me. The Executive Engineer, P.W.D., Calicut, was also requested to find out whether there were qualified persons discharged from his Department for want of vacancies or those who applied but were not appointed and to send me a list of the names available, but he also states that no such persons are available.

2. A copy of the notification was sent to the Collectors of Coimbatore, Madurai, Tinnevely, Tanjore and Trichy with a request to have it published in their respective Districts and to suggest the names of qualified persons available. But the Collectors of Tinnevely Tanjore and Coimbatore have replied that no qualified candidates are available in their respective Districts. The Notification was also got published in three successive issues of the "Hindu" and the "Mail" last month, but no applications have been received by me so far, from persons qualified for the post. I, therefore, request that the Board may be pleased to find out suitable and qualified men from some other District in the Presidency and allot them for appointment in this District.

3. As it is now too late to make any appointment in this season, I have asked the District Board Engineer, South Kanara, to carry on all the items of work left incomplete or in progress at the end of March 1943. This will enable the District Board Engineer's staff to continue the works in progress and give them sufficient work till June 1943 when all work will have to be stopped owing to the commencement of the monsoon. If qualified men are available, it seems better to appoint them with effect from January 1944.
